REASON FOR SEEKING CHIROPRACTIC CARE

What concerns do you feel Amo Chiropractic can address for you? _____

Are these concerns affecting your quality of life? (Please circle all that apply)

Work Sleep Walking Exercise/sports Eating Love life

HEALTH CARE PRACTITIONER HISTORY

Have you ever received Chiropractic care? Y N Name of D.C. _____

Have you consulted or do you regularly consult any of the following providers? (check all that apply)

Naturopath Acupuncturist Homeopath Massage Therapist

Name of Health Practitioners & Reason: _____

FOR WOMAN

Are you pregnant? Y N Date of last menstrual period: _____

Do you experience menstrual irregularities (i.e. Severe pain) Y N Describe: _____

Are you experiencing menopause? Y N for how long _____

If pregnant, Due Date: _____ Name of OBGYN or Midwife _____

Where will you be birthing your baby? Hospital Home Birthing Center Other _____

The primary system in the body, which coordinates health, is the NERVE SYSTEM.

The vertebrae (bones of the spinal column) surround and protect the delicate NERVE SYSTEM.

Injury to the SPINE and NERVE SYSTEM is a condition called VERTEBRAL SUBLUXATION.

VERTEBRAL SUBLUXATION results in nerve malfunction due to vertebral/spinal misalignment.

Vertebral Subluxations can have Physical, Emotional and Chemical causes and effects.

The information below will help us to see the types of **PHYSICAL, EMOTIONAL & CHEMICAL** stresses you have been subjected to in your life, how they may relate to your present spinal, nerve and health status and whether they may have caused **Vertebral Subluxations** to occur.

PHYSICAL STRESS: BIRTH AND INFANCY

The birth process can traumatise a baby's spine and cause damage to the spine & nerve system. Please CHECK where and how you were birthed. (If you do not know, please skip to next question)

- Home Natural Hospital Caesarian section Forceps
 Breech Cord around neck Prolonged labor Drug induced labor Suction

HEALTH, WELLNESS AND CHIROPRACTIC CARE

PHYSICAL STRESS: CHILDHOOD THROUGH ADULT

Have you had any accidents due to any of the following? (Check all that apply)

- Automobile Motorcycle Bicycle Sports Playground Abuse

If yes, state type of injury and date: _____

Have you ever hurt, broken, fractured, sprained, injured or felt pain in any bones or joints (spine, head, neck, ribs, chest, upper or lower back, pelvis or hips, legs or arms)? Y N. If yes, list location and date of injuries: _____

Have you ever been hospitalized or had surgery? Y N. If yes, state reason and dates: _____

Do you currently have any digestive issues? Y N If yes, explain: _____

EMOTIONAL STRESS: CHILDHOOD THROUGH ADULT

It is difficult to separate the emotional stress in our life from the physical response that often occurs. Please indicate if you have ever or are, currently, experiencing any of the emotional stresses below: Family Y N

| | | | | | | | | |
|------------------|---|---|--------------------|---|---|-----------|---|---|
| Childhood Trauma | Y | N | Loss of loved one | Y | N | Abuse | Y | N |
| Work or School | Y | N | Divorce/separation | Y | N | Financial | Y | N |
| Lifestyle change | Y | N | Parents divorce | Y | N | Illness | Y | N |

CHEMICAL STRESS: CHILDHOOD THROUGH ADULT

Chemical stress can occur when a substance, that is toxic to the body, is breathed, injected, taken by mouth, or placed on the skin (e.g.: food allergies, drug reactions, exposure to chemicals in the air, etc.) The following will reveal exposures you may have had.

Have you been exposed to any of the following on a regular basis (either in the past or presently)?

- Toxic chemicals Second hand smoke Drug therapy
 Radiation Chemotherapy Other

If yes, please list: _____

Do you have allergies or sensitivities to any foods? Y N If yes, please list:

Do you presently consume any of the following?

- Coffee/caffeine Alcohol Tobacco Over the counter drugs Prescribed drugs

Please list all medications (prescribed and over the counter): _____

Note: It is imperative that you list all medications as they may have an influence on your care.

QUALITY OF LIFE (presently)

Do you exercise regularly? If yes, how often? _____

Do you take supplements? If yes, please list: _____

Do you follow a special dietary regime? _____

Do you suffer from headaches? Y N If yes, how often and type: _____

Payment in full is expected on all services at time of consultation (whether you have insurance coverage or not.)

Comprehensive Initial Exam: \$110 Regular Visit: \$55
Family Visit (3 or more people under the same roof): \$45 per person. Extended healing Session (1hour) \$ 150

Informed Consent to Chiropractic Care

Changes to the law now require all chiropractors to warn people of material risks, associated with all health care procedures, including Chiropractic.

As in all health care procedures, there are some slight risks with chiropractic care. This includes, but is not limited to:

- Your condition becoming worse;
- Disc injuries, rib fracture, sprains/strains (1 in 139,000 in the neck and 1 in 62,000 in the low back) ⁽¹⁾;
- Stroke or stroke like symptoms (1 in 5.85 million neck adjustments) ^{(2) (3)}.

Put in context, chiropractic has been shown to be 250 times safer than anti-inflammatory drugs ⁽⁴⁾ and safer than driving a car ⁽⁵⁾.

Some people may experience some mild soreness for 24 – 48 hours after their adjustments, especially when their body is unwinding. ^{(6) (7)} this is a normal sign of change, as may occur after exercise or stretching.

Clinical experience consistently demonstrates *unexpected improvement* in people's life. One study indicated that 23% of people experience improvement in some other aspect of their health. ⁽⁸⁾ Of individuals who experience such improvements:

- 26% experienced improvements in their respiratory system;
- 25% in their digestive system;
- 14% circulatory system/heart;
- 14% eyes/vision.

Broken down into subcategories the benefits were reported as follows:

- Easier to breathe: 21%
- Improved digestive function: 20%
- Clearer/better/sharper vision: 11%

(The references for the information quoted above are provided below.)

Agreement:

I have read and understand the information above. I understand that most care is given in an open setting. A private room is available upon request.

I consent to receive communication from Amo Chiropractic via email, postal mail, text and telephone messaging in connection with my care. If I should withdraw my consent, I will notify the office in writing.

I do not expect the chiropractor to be able to anticipate or explain all the risks and complications. I wish to rely on the chiropractor to exercise his/her judgment during the course of procedures which he/she feels, at the time, based upon the facts known, is in my best interests.

The information I have provided on this case history form is true and accurate to the best of my knowledge. I will have the opportunity to discuss with the chiropractor the nature and purpose of chiropractic adjustments and other procedures as well as other concerns. I understand that results are not guaranteed. I intend this consent form to cover the entire course of my chiropractic care for this and any future presentation. Should my current doctor cease care I give permission for him to pass on my file to the next Doctor.

I give Dr. James Evans D.C. and Dr. Jenna Evans D.C. permission to render care to me today. This initial visit includes a health history consultation, chiropractic exam and evaluation, and any initial care that is determined to be clinically necessary and mutually agreed upon.
